

## **Founder Biography**

Glen Burden is an IT business executive with more than three decades of experience in the IT Services Industry. Mr. Burden's leadership roles have been in the areas of Transition and Transformation Management, Program Management, Service Line Management, Consulting, Engineering, Operations, and Field Services. He has been most successful building IT organizations to support new business for rapidly growing organizations. His key strengths lie in IT business operations and scaling organizations to meet market demands. He is well versed in technology landscapes and how they provide business value to Highland Partners' clients.

## **About Us**

Highland Partners Consulting, LLC is an IT professional services company, which was founded June 15, 2007. It was founded to help enterprises and service providers achieve their strategic business goals through the use of IT consulting services and project management practices.

## **Our Mission**

We facilitate the advancement of our clients' strategic business goals by sharing our knowledge of IT infrastructure and applying project management principles and best practices.

## **Professional Services**

*Infrastructure Consulting* - We help our clients achieve reliable, scalable, intrusion resistant infrastructures that align with their strategic goals.

*Project Management* - We deliver projects successfully, consistently, and predictably which serves as an enabler of our clients' strategic goals.

## **Financial**

Highland Partners uses pragmatic business practices, which has resulted in our financial stability. We are debt free, operating in the black with available liquid assets. Highland Partners' D&B rating is among the highest of any similar business in our market. Our ability to rapidly scale up is part of the strength we can offer our clients. Our low cost of overhead provides a benefit to our clients in the form of lower rates.

## **Market**

Highland Partners supports all industry groups that use IT to support their business objectives. Examples of our clients include:

- Cross Country Automotive
- Dell
- Xerox
